**Workshop leader:  
Dr. Christine Longhurst**

Laudamus Auditorium,  
Canadian Mennonite University

Presented by  **FaithForum**  
and Canadian Mennonite University

Today's song leaders and worship leaders are surrounded by so many different styles of worship music—traditional hymnody, Praise & Worship, contemporary hymnody, music from the Taizé community, gospel songs, spirituals, folk music, and more. Is it important to use a variety of musical styles in worship? Is it even possible to blend different styles in the same service?

**If you are interested in exploring some practical ideas about how to effectively incorporate diverse musical styles in worship, then join Dr. Christine Longhurst for a workshop on "Blending Music in Worship," Saturday, November 6, 9:45 AM-12:30 PM.**

**At this workshop, you will:**

- ◆ discover the unique gifts different musical styles bring to corporate worship;
- ◆ learn how different musical styles function within worship, and how to use them most effectively;
- ◆ hear practical suggestions about how to combine different musical styles in the same service;
- ◆ get ideas for how best to lead and accompany different musical styles;
- ◆ be encouraged in your music ministry.
